- Software Developer Essentials bootcamp

Oct 2010 - Jun 2013

**BIMM UNIVERSITY**

- Bachelor of Music - 2:1

### SKILLS

- HTML 5
- CSS
- JavaScript/ES6
- React
- PHP
- Laravel
- SQL
- Git/GitHub
- API's

### LANGUAGES

- English (Fluent)
- Spanish (Intermediate)

### PROFILE

I am a passionate and enthusiastic full-stack developer with a particular air for front-end technologies. In my spare time i enjoy playing video games, travelling and learning Spanish. I have always had a passion for technology.

### PROJECTS

I recently studied software development at iO Academy, during my time there and since I worked on a range of projects, both individual and in a scrum team. All projects included error handling and testing

#### ■ Email Client

Web Based Email Client built in React, utilising an existing API.

#### ■ Furniture Store eCommerce site

PHP built eCommerce furniture store website which pulled product information from a SQL database.

#### ■ Quiz Building App

Quiz building web app created with Laravel. Allowed users to fill in forms which would be stored in a JSON file.
